

PoleVault System A/V Source Inputs

VGA Computer-Video, Composite Video, and Audio Source Inputs

COMMON FEATURES

- Available exclusively as part of a PoleVault System
- Send video and stereo audio signals to a PVS 204SA switcher over CAT 5, 5e, or 6 UTP cable
- Powered by the PVS 204SA switcher via twisted pair cable
- LED power indicator

DESCRIPTION

PoleVault System A/V Source Input Wallplates are designed to work exclusively with the PVS 204SA Four Input Twisted Pair PoleVault Switcher as part of a PoleVault System. All PVT Series source inputs can be used with any CAT 5, 5e, or 6 twisted pair cable. PoleVault A/V Source Inputs require no local power supply and are powered remotely by the PVS 204SA switcher via the twisted pair cable.

PVT Series inputs are available in four form factors:

Decora® wallplates: Designed for mounting in a one gang US external wall box.

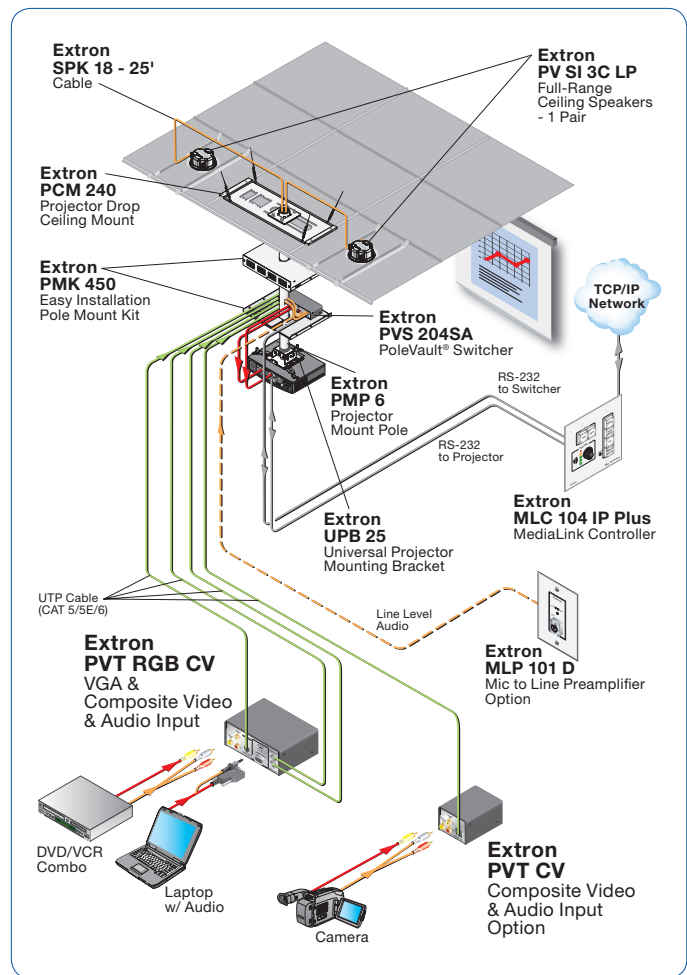

EU wallplates: Designed for mounting in a European junction box with 60 mm mounting centers using the included matching Jung AS500 Series cover.

AAP modules: Provide flexible mounting options when used in conjunction with other products, such as Extron MediaLink™ controllers with AAP openings, Extron AAP mounting frames, or third-party floorboxes.

Rack-mountable enclosures: Utilized in applications with space for permanently installing source equipment, such as in equipment closets, inside podiums, or credenzas.

PVT Series

PVT CV D

PoleVault Composite Video and Stereo Audio Input - Decora Wallplate

UNIQUE FEATURES

- Input: Three female RCA connectors for composite video and stereo audio
- Output: One female RJ-45 connector
- Mounts in an included Decora®-style wallplate
- One-gang mud ring included

MODEL	VERSION DESCRIPTION	PART #
PVT CV D	Composite - Decora Wallplate	60-819-13

PVT RGB D

PoleVault VGA Video and Stereo Audio Input - Decora Wallplate

UNIQUE FEATURES

- Input: Female 15-pin HD connector and female 3.5 mm mini stereo jack for VGA computer-video with stereo audio
- Output: Two female RJ-45 connectors
- Mounts in an included Decora®-style wallplate
- One-gang mud ring included

MODEL	VERSION DESCRIPTION	PART #
PVT RGB D	VGA - Decora Wallplate	60-820-13

PVT CV EU NEW

PoleVault Composite Video and Stereo Audio Input - EU Wallplate

UNIQUE FEATURES

- Input: Three female RCA connectors for composite video and stereo audio; captive screw connector for IR pass-through
- Output: Spring force wire connectors
- IR pass-through port for source control
- Mounts in European Junction Boxes with 60 mm centers
- Includes matching Jung AS500 Series cover frame

MODEL	VERSION DESCRIPTION	PART #
PVT CV EU	Composite - EU Wallplate - RAL9010	60-910-05

PVT RGB EU NEW

PoleVault VGA Video and Stereo Audio Input - EU Wallplate

UNIQUE FEATURES

- Input: Female 15-pin HD connector and female 3.5 mm mini stereo jack for VGA computer-video with stereo audio
- Output: Spring force wire connectors
- Mounts in European Junction Boxes with 60 mm centers
- Includes matching Jung AS500 Series cover frame

MODEL	VERSION DESCRIPTION	PART #
PVT RGB EU	RGB - EU Wallplate - RAL9010	60-911-05

PVT Series

PVT CV AAP

PoleVault Composite Video and Stereo Audio Input - AAP Version

UNIQUE FEATURES

- Input: Three female RCA connectors for composite video and stereo audio
- Output: One female RJ-45 connector
- Mounts in products that accept a double space AAP - Architectural Adapter Plate
- Available in black and white

MODEL	VERSION DESCRIPTION	PART #
PVT CV AAP	Composite - AAP Version - Black	70-579-12
PVT CV AAP	Composite - AAP Version - White	70-579-13

PVT RGB AAP

PoleVault VGA Video and Stereo Audio Input - AAP Version

UNIQUE FEATURES

- Input: Female 15-pin HD connector and female 3.5 mm mini stereo jack for VGA computer-video with stereo audio
- Output: Two female RJ-45 connectors
- Mounts in products that accept a double space AAP - Architectural Adapter Plate
- Available in black, white, and RAL9010 white

MODEL	VERSION DESCRIPTION	PART #
PVT RGB AAP	VGA - AAP Version - Black	70-580-12
PVT RGB AAP	VGA - AAP Version - White	70-580-13

PVT CV

PoleVault Composite Video and Stereo Audio Input

UNIQUE FEATURES

- Input: Three female RCA connectors for composite video and stereo audio
- Output: One female RJ-45 connector
- Rack-mountable, 1U, one-eighth rack width metal enclosure

MODEL	VERSION DESCRIPTION	PART #
PVT CV	Composite Video Input	60-827-11

PVT RGB

PoleVault VGA Video and Stereo Audio Input

UNIQUE FEATURES

- Input: Female 15-pin HD connector and female 3.5 mm mini stereo jack for VGA computer-video with stereo audio
- Output: Two female RJ-45 connectors
- Local monitor output
- Transmits high resolution video and stereo audio signals to a PVS 204SA switcher over two CAT 5, 5e, or 6 UTP cables
- Rack-mountable, 1U, quarter rack width metal enclosure

MODEL	VERSION DESCRIPTION	PART #
PVT RGB	VGA Input	60-821-11

PVT Series

PVT RGB CV

PoleVault VGA Video, Composite Video, and Stereo Audio Input

UNIQUE FEATURES

- Inputs: Three female RCA connectors for composite video and stereo audio; one female 15-pin HD connector and female 3.5 mm mini stereo jack for RGB video with stereo audio
- Output: Three female RJ-45 connectors
- Rack-mountable, 1U, quarter rack width metal enclosure

MODEL	VERSION DESCRIPTION	PART #
PVT RGB CV	VGA & Composite Video Input	60-828-11

PVT SW RGB

Dual PoleVault VGA Video and Stereo Audio Input With Integrated Switcher

UNIQUE FEATURES

- Inputs: Two female 15-pin HD connectors and two 3.5 mm stereo mini jacks for VGA computer-video with stereo audio
- Output: Two female RJ-45 connectors
- Autoswitching mode selects highest active input
- Local monitor output selectable for input one or output following
- Rack-mountable, 1U, quarter rack width metal enclosure

MODEL	VERSION DESCRIPTION	PART #
PVT SW RGB	Dual VGA Switcher	60-826-11
